SUBJECT: DOE ANNUAL NEPA PLANNING SUMMARY

TO: Steven Croley, General Counsel

Attached please find the 2015 Annual National Environmental Policy Act (NEPA) Planning Summary for Naval Reactors (NR). This is in accordance with the Department of Energy (DOE) Order 451.1B, Section 4.d. The Naval Nuclear Propulsion Program is a joint Department of Navy and DOE organization responsible for all matters pertaining to U.S. Navy nuclear propulsion, as set forth in Presidential Executive Order 12344, permanently enacted as 50 U.S.C. §§ 2406, 2511. The attached summary includes DOE Environmental Assessments (EAs) and Environmental Impact Statements only and does not include Department of Navy NEPA documentation.

The attached summary provides a brief description of the status of NEPA compliance activities expected to be needed in the next 12-24 months. No new DOE EAs are expected to be needed in the next 12 months and no new DOE EISs are expected to be required in the next 24 months. These are based on current planning documents and may be impacted by Congressional budget decisions.

If you have any questions or need additional information, please contact Amanda Stuhldreher, NR DOE NEPA Compliance Officer at (202)781-6368.
