Determination Summary Form**

Building 75B Hazardous Waste Storage Unit

REFERENCE

10 CFR Part 1021, Department of Energy National Environmental Policy Act Implementing Procedures, Subpart D, Typical Classes of Actions

PROJECT SCOPE DISCUSSION

The scope of the Building 75B Hazardous Waste Storage Unit includes installation of a new separate free standing ≤ 90 day modular hazardous waste storage unit that meets all code requirements and provides adequate space to store nominal volumes of hazardous waste.

The project does not violate applicable regulatory requirements, require construction or major expansion of waste handling facilities, result in unpermitted releases of hazardous substances, or adversely affect environmentally sensitive resources, including wetlands. The project does not involve genetically engineered organisms or species. There are no extraordinary circumstances related to the proposed action. The project has not been segmented to meet the definition of a categorical exclusion and is not connected to other actions with potentially significant and/or cumulative impacts.

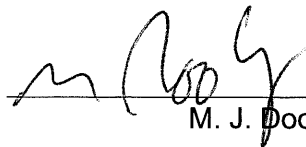

CONCLUSION

The Building 75B Hazardous Waste Storage Unit is categorically excluded from additional NEPA documentation under 10 CFR 1021 Subpart D, Appendix B6.4. Specifically, the categorical exclusion that applies is:

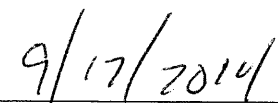

B6.4 Facilities for storing packaged hazardous waste for 90 days or less.

Siting, construction, modification, expansion, operation, and decommissioning of an onsite facility for storing packaged hazardous waste (as designated in 40 CFR part 261) for 90 days or less or for longer periods as provided in 40 CFR 262.34(d), (e), or (f) (such as accumulation or satellite areas).
